

East Lyme Aquatic & Fitness Center Reopening Procedure November 30, 2020

We will continue to monitor state guidelines and update our practices as the current climate evolves. This version updated 12.2.20 7:00am

***UPDATED* “UPDATED” Session Transition-**

Each reservation period will run back to back. We will utilize 4 sides of the pool to facilitate group changes, alternating groups in the shallow/deep end, and east/west side. When arriving please utilize unoccupied bleachers either at the ends of the pool, or on the sides; lanes 1-4 on side with pool stairs, lanes 5-8 on side with chair lift. END TIMES must be strictly adhered to so that everyone gets their allotted time. The red pace clocks are keepers of time, starting and stopping each reservation period. The first group of the morning will be stationed at the shallow end of the pool, the second group will be stationed at the deep end of the pool, and this will alternate through reservation periods. MASKS are required any time a patron is not in the water, including immediately upon exit from the pool. Our sanitizing practices will take place after each group leaves their stations in preparation for the next group that will use that area of the pool. You may only stop at your starting end of the pool, please design workouts accordingly.

UPDATED hours-

Weekday mornings - 8 Reservations Available each time period

6:00-6:45
6:45-7:30
7:30-8:15

Reservations Availability

NEW additional spaces are available immediately. We cannot accommodate lane changes at this time, but if you need to cancel a reservation due to finding another time, please email eastlymeaquaticsandfitness@gmail.com Cancellations will receive account credit, but not a refund.

- Each patron will reserve a lane via online reservations system for a 45 minute workout period. Reservations are available through our website. Each lane reservation has a fee of \$10 per visit. Patrons will be limited to one reservation slot per day at this time. Reservations must be placed online and paid for electronically. Lane reservations will be available for sign-up weekly beginning on Sunday.
- Exit from the pool will be staged through the rear emergency exit doors for deep end assigned lanes and the through the side emergency exit door for shallow end lane assignments during 5 minutes following the 45 minute pool time. Cloth face coverings must be worn and social distancing must be observed.
- The locker rooms will be closed throughout this time. Patrons must arrive to the pool in their swimming attire recently showered and must leave the pool without changing. Each lane will have an assigned, distanced space available on bleachers to store their belongings while utilizing the pool. Social distancing must be observed in all spaces on the pool deck.

Reservations

A link to weekly reservations is now live at www.eastlymeaquatics.com, also can be found by following [this reservations link](#).

Credits on your account are able to be used for your reservation fees.

You may be prompted to create an account online the first time you start a reservation. Please contact the aquatic center via email if you have trouble accessing your account eastlymeaquaticsandfitness@gmail.com
